

# DRAMA ENSEMBLE

## Newsletter Update

This term, Drama Ensemble have been meeting during sport time to devise their own episodic narrative group performances. In this style, students are expected to change character and place each scene, to show a collage of episodes relating to one theme.

Students have a range of ideas from sea creatures, pirates, greek gods, journalism, murder mystery and mental health. Their pieces all work to engage the audience in their respective story. They will present their work during sport in Week 10. for an audience of their peers.
